

# **SATURDAY ART for adults**

**Saturday afternoons** for 3 hours (during school terms). Materials not supplied.

**The class offers a variety of drawing, acrylic painting and printmaking experiences for adults at all levels, beginner to experienced. The class has a maximum of 12 students, so that individual attention can be given to each person.**

Some exhibition visits are included, which provide discussion pieces and often inspiration for a particular way of working. Some lessons focus on the work of a particular artist or art movement, but always include time for making art.

For the beginner -

- Clear explanations of new concepts are given.
- All techniques are demonstrated.
- Start with easy exercises, then practise the skill at a higher level.
- Learn about design and composition through the discussion of artworks, and through the making of your own art.
- Supportive individual attention will help develop your confidence.
- Benefit from the presence of more experienced students in the class, potentially providing new ideas for things to try with your own work.

Additional benefits for the more experienced student -

- Promotes further development of skills, knowledge and confidence.
- Emphasises individual artistic expression.
- A varied and structured program provides opportunities to try previously unexplored approaches to making art.
- Develop your critical abilities through the discussion and analysis of artworks.
- Expand your art history knowledge through the lessons which focus on a particular artist or art movement.

**These classes are taught by Del Bernett, who is a qualified educator and artist.**

Her qualifications are B.A.(Ed), Dip. Ed, Certificate of Drawing and Associate Diploma of Art (Fine Art).

Her teaching experience with NERAM started with Education Officer from 2004 - 2007, when she worked with all ages from preschool to adults. In 2007 she commenced after-school art classes for children, and also Saturday classes for adults.

She is passionate about helping both adults and children to learn about art, and to enjoy the experience of creating their own works. She enjoys planning interesting art activities, and loves seeing the wonderful variety of work produced by all her students.
