

ARTPLAY

Suncatchers

October 2025

Materials

- 4 paddle pop sticks
- Book contact
- Tissue paper
- Cellophane
- Sparkly bits
- Wood glue
- Pipecleaners
- Paper clips

Method

1. Using PVA glue, stick four paddle pop sticks together to create a square
2. Fold contact in half to create a crease line
3. Remove backing from contact
4. Add small pieces of coloured papers and cellophane to the contact
5. Close the contact together
6. Trim edges
7. Punch two holes in top of the colourful contact – this is where you'll attach the pipe cleaners to create handle
8. Apply glue to popsicle stick frame and secure the colourful contact
9. Twist on the pipecleaners to create a handle
10. Clip a paperclip onto each side of the frame to help the plastic adhere to the popsicle sticks
